I accept this nomination as a community representative on the committee.

My Personal Statement:

I have lived in Clapham Old Town all my life in the house my parents and grandparents occupied ever since it was built in 1876. I have been cognizant of the activities and changes on Clapham Common over this long period, including the air raid shelters built around and under the Common, which I played in as a boy, until they were sealed up.

I wish to represent the interests of local people and those who come to enjoy the open landscape as an amenity and natural environment and to use it for recreation. It should be maintained and respected as we inherit it.
