My Personal Statement:

My name is George Reid. I have been a resident of Clapham East since 2019, and plan to stay for many years to come. I work in public affairs on a day to day basis, but my highlight of the week is usually playing football on Clapham Common with a team that I help run each Saturday; Clapham Southgate. This has given me an insight into the importance of the Common, and how much joy it brings such a diverse community of people every day.

Prior to my time as a Clapham resident, I have previously served as a community representative having been elected as the President of the Newcastle University Students' Union, and acting as the lead representative for thousands of students in the local community, including resident groups. In this role I developed experience of helping run community focused initiatives and contributing constructively to a range of working groups.

In addition to my experience of enjoying the Common and working in a community focused environment, I will also bring dedication, fresh ideas and a problem solving approach to my participation. I hope to be able to count on your support.
